

KAS Landscaping & Yard Maintenance specializes in residential lawn, landscaping, yard and property maintenance and monitoring.

We provide quality services that will exceed your expectations, each and every time. Our code of ethics is "Don't over promise and always over deliver, no matter what!"

We offer competitively priced services to our customers with an approach to business that builds longstanding relationships based on trust, honesty and integrity.

Our KAS *There When You Need Us* Winter and Spring Services

- Snow removal
- Roof shovelling & raking
- Spring property & yard clean up
- Pet waste clean up
- Lawn dethatching
- Shore walls

KAS Property Monitoring Program

We offer seasonal and year round property monitoring. We will watch your home or check in on your cottage while you are not there.

You can count on our KAS property monitoring program to alert you if your property is damaged, or if you experience a break-in, weather damage or any animal related instances. We will also pick up your newspapers, collect any junk mail, and clear your walkway and driveway.

We are fully insured for your protection and peace of mind!
